PROTOCOL

It is my greatest pleasure to be able to inform you that 1983 World Short Track Speed Skating Championships was closed today in glorious success.

It is also a great pleasure and honor for us O.C., that twelve nations have participated in this event, which is the greatest in number in the history of Short Track events, and at the same time, I firmly believe that the event had played an important role in promoting international friendship.

I would like to express here my deepest appreciation to all the participants for this successful outcome.

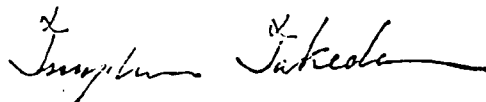

Please find the enclosed Official Protocol, which I wish will help to have memories of our event stay in minds of all the skaters, referees, officials, and supporters, who have participated in our event.

To conclude my message, I sincerely hope that every one of us develop ourselves in each championships and events, and to meet each other again in near future.

I also wish ISU greater success through expansion of Short Track as a sport.

Tokyo April 10, 1983

Yours sincerely,
