THE SUPERIOR DOME, THE WORLD'S LARGEST WOODEN DOME, IS A POPULAR ATTRACTION IN MARQUETTE, MICHIGAN. LOCATED ON THE SHORES OF LAKE SUPERIOR, THE SUPERIOR DOME IS ALSO CONNECTED TO THE P.E.I.F. ICE ARENA, THE SITE OF THE 1997 WORLD JUNIOR SHORT TRACK SPEED SKATING CHAMPIONSHIPS.

The University: A public, coeducational university founded in 1899, we offer learning opportunities to approximately 8,000 undergraduate and graduate students.

Location: NMU is located in an environment that rivals any other, on the south shore of Lake Superior in Marquette, Michigan, a town of breathtaking vistas and 27,000 residents.

Campus: We have a campus that's large enough to offer scenic spaces and 50 quality facilities, but small enough to keep everything within walking distance (which is especially nice in winter).

Faculty: NMU has talented faculty members, 80 percent of whom hold doctorates or the highest degree in their fields and a low student to faculty ratio of 20-to-1.

Extracurricular: Along with all our natural wonders, you'll discover 160 student clubs and organizations on campus including academic, service, social, professional, religious and special interest groups. There is also a full program of intramural athletics.

Intercollegiate Athletics: NMU is a member of the National Collegiate Athletic Association, the Great Lakes Intercollegiate Athletic Conference (GLIAC), the Midwest Intercollegiate Football Conference (MIFC), and the Western Collegiate Hockey Association (WCHA). Varsity teams for women include: Alpine skiing, basketball, cross-country, diving, Nordic skiing, soccer, swimming, tennis and volleyball. Varsity teams for men include: basketball, football, hockey, Nordic skiing and golf.

U.S. Olympic Education Center: Northern Michigan University is designated as an Olympic Education Center by the U.S. Olympic Committee. Olympic athletes in biathlon, boxing, Naturbahn luge, Nordic skiing and short track speed skating train for elite international competitions while pursuing their education at Northern Michigan University and Marquette High School.

Financial Aid: Over 77 percent of all our students receive aid based on need or merit through scholarships, grants, loans or employment.

Accreditation: We are accredited by the North Central Association of Colleges and Secondary Schools and these agencies: The American Chemical Society; American Speech and Hearing Association; Certified Laboratory Assistant Association; Committee on Allied Health Education and Accreditation; Council on Social Work Education; National Association of Schools of Music; National League for Nursing; and the National Council for Accreditation of Teacher Education.

Northern Michigan is a member of the National Association of College Admissions Counselors, endorsing the principles contained in the Statement of Principles of Good Practice.

Northern Michigan does not discriminate on the basis of race, color, national origin, gender or age in its programs or activities. Persons having civil rights inquiries may contact the Affirmative Action Office at (906) 227-2420. Persons having inquiries regarding Americans With Disabilities Act (ADA) may contact the ADA coordinator at (906) 227-1737.

FORMER USOEC SHORT TRACK SPEED SKATER CATHY TURNER CELEBRATES HER GOLD MEDAL AT THE 1992 WINTER OLYMPIC GAMES IN ALBERTVILLE, FRANCE. TURNER, ON HER WAY TO CAPTURING TWO GOLD, SILVER AND BRONZE OLYMPIC MEDALS, TRAINED AT THE UNITED STATES OLYMPIC EDUCATION CENTER IN MARQUETTE, MICHIGAN.

UNITED STATES OLYMPIC EDUCATION CENTER

"HOME OF OLYMPIC CHAMPIONS."

THE USOEC STORY

The United States Olympic Education Center is indeed a special place. At the USOEC, athletes have become Olympians and Olympians have become medalists. It is the educational opportunities available to the athletes, however, that make the USOEC a truly unique Olympic training center. While training for elite international competitions such as the Olympic Games, World Championships and the Pan-American Games, athletes at the USOEC training in biathlon, boxing, Naturbahn luge, Nordic skiing and short track speed skating can also pursue a college or high school education at Northern Michigan University or Marquette Senior High School.

Short track speedskater Cathy Turner is a perfect example of the Olympic Education Center's goal. In 1992, two months before she won gold and silver medals at the Albertville Winter Olympics, she graduated with honors from NMU with a degree in computer systems. She went on to capture gold and bronze medals at the 1994 Lillehammer Winter Games.

While many students-athletes have made a mark in the world with a college or high school education, the U.S. Olympic Education Center's impact on the Olympics has steadily grown. Of the 23 medals won by the United States in the 1992 and 1994 Winter Olympic Games, the USOEC short track speed skaters won six of those medals.

This successful tradition continued in 1996 at the Centennial Olympic Games in Atlanta, Ga., as USOEC and U.S. Olympic head boxing coach Al Mitchell guided the U.S. boxing team to six medals, which was double the number of medals the team won in 1992 at the Barcelona Olympic Games. Included among those Olympic medalists was USOEC boxer David Reid, who, with a third round knockout, captured the only American gold medal.

With all the success stories, it is easy to overlook the most important aspect of this truly unique center—and that is the fact the USOEC has not only produced Olympic champions, but also college and high school graduates who are successful in the professional world.

We thank the following organizations for their support and assistance with these championships

International Skating Union

*United States International
Speedskating Association*

Northern Michigan University

*United States Olympic
Education Center*
