

Frequent Asked Questions: Competition Calendar

How accurate is the competition calendar on Shorttrackonline.info?

It is the responsibility of the International Skating Union and all Federations to produce correct information about the competition Calendar. This is a very difficult process as there can always be changes due to different reasons. This also affects the Competition Calendar on our website Shorttrackonline.info. Because the volunteer-team of Shorttrackonline is also officiating at many competitions and for reason we are in direct contact with many competition organizers we in general are a little bit more up-to-date than the official information of the ISU and Federations Calendars. But this is not a guarantee that there are no mistakes or changes in the Calendar. So always check if the announcement of a competition is published to be certain that it goes on.
